Q: If I have current service with Cable One, Century Link or other Satellite Provider:

Residents who currently have service through another provider will need to contact Superior Satellite to assist in the transition from their current provider to Amenity Program. Each provider may have a different process, so please contact Superior Satellite to get assistance on an individual basis.

Q: Is the \$75 Tech Amenity charge a promotional rate that will skyrocket in 6 months or 1 year?

The \$75 is not a promotional price, which means a price change will not happen after 6 months or 1 year. The rate may change incrementally as the need for higher speeds and more capacity increases, but Central Commons has negotiated this low rate with the intention to offer these services as a long-term, affordable amenity to their residents.

Q: When does the service get installed?

Once you have signed your lease, you will need to contact Superior Satellite to get scheduled for installation. Installation time can be from 1 to 3 days (Monday-Saturday) after initial contact.
